My Story

If you were baptized, how old were you? Do you remember it?

What picture or image of God and of the Church did you have as a child?

Do you consider yourself a Christian now? Was there a time when you didn't?

Describe your life and the critical times in your spiritual journey.

What brought you to the Episcopal Church? to St. Andrew's?

What is your understanding of God? of Jesus? of the Church?

"All of our theology must eventually become a biography. The constant challenge in this Christian life is the translation of all we believe to be true into our day-to-day [lives]."
